

What are some of the hardships that illegal immigrants have to face when they journey from their own countries?

---

---

---

---

---

What kinds of decisions do you think the economic emigrants leaving Malta for places like Canada, Australia and the U.S. in the late 70's and 80's had to make?

---

---

---

---

---

---

---

What similarities do you see in the 'push' factors that encouraged Maltese young people to leave during this period and the 'push' factors that are currently facing Eastern European emigrants'?
